

23rd December 2020

Dear Learner,

Re: London Skills for Growth Merger with London South East Colleges with effect from 1 January 2020

I'm writing to let you know that the Corporation of the College and Board of Trustees of London Skills for Growth (LSfG) have agreed for LSfG to merge into London South East Colleges with effect from Friday 1 January 2021.

I wanted to reassure you that our commitment to you remains unchanged. The merger will not affect your programme, the way in which it is delivered, your progress or your teaching and learning experience. You will continue to be supported by the same tutors and staff. Together we aim to create even greater opportunities for all LSfG learners.

We very much look forward to helping you to realise your ambitions – and working with you on what promises to be an exciting and very successful journey with London South East Colleges.

Best wishes

Angela Beaton
Operations Director
